

ARAKU

Eastern Ghats ,Andhra Pradesh ,India

Altitude grown Arabica | Washed

TERROIR

Altitude: 900–1,200 MASL
Rainfall: 1,200–1,600 mm
Shade: Native multi-layer forest canopy
Soil: Iron-rich red loam

Elevated between 900 - 1200 meters above sea level. Araku Valley's iron rich red loam and dense forest canopy provide ideal conditions for slow ripening high quality Arabica with structured sweetness.
